

*Derryl Williams*  
*Director*

Mr. Williams has more than 33 years experience in Subcontract Administration in the aerospace industry. He currently serves as a Subcontract Administrator for Northrop Grumman Aerospace Systems, Strike and Surveillance Systems Division. In this role, he is responsible for the development, negotiation and administration of subcontract agreements of all contract types, value, risk, creativity and complexity.

Mr. Williams has been a resident of District 4 since 1976. His committed service began in the community of Webster where he served as President of the neighborhood council for 14 years and Vice President for 2 years. During that time period he assisted in the rezoning of the community to reflect its single family character in harmony with a light industrial business focus. Shortly thereafter, Mr. Williams assisted in the negotiations that brought McDonald's, Federal Express, and other small businesses into the community, along with helping to spearhead, from the neighborhood perspective, the expansion of Coca Cola. All this was done while establishing the most successful Maintenance Assessment District (MAD) in the City of San Diego. While serving as the Webster Neighborhood Council's President, an appointment was bestowed on him by the late San Diego City Councilman, George Stevens, to serve as District 4's representative to the Select Committee on Government Efficiency and Fiscal Reform.

Since the inception of Encanto Neighborhoods Community Planning Group in 1999, Mr. Williams volunteered his time and expertise as its Charmin for 10 years and remains on the Planning Group to this day.

Mr. Williams is a co-founder and current President of the Board of Groundwork San Diego Chollas Creek -- an independent, not-for-profit, environmental business aimed at cleaning up the impaired and polluted urban watershed Chollas Creek. Chollas Creek traverses nearly 32 square miles through most of our neighborhoods in the 4<sup>th</sup> and 8<sup>th</sup> Districts in San Diego. With the vision and help of the residents and stakeholders along the creek, the goal is to restore it segment by segment to its original vitality.

A fervent child advocate, Mr. Williams volunteers as a tutor to disadvantaged youth and has managed a Senior Girls Softball Team for the Presidio Little League, where he also served as their Chief Umpire for 4 years.

Mr. Williams graduated from San Jose State University with a Bachelor of Science Degree in Business with a Minor in Procurement. He also holds a Certificate in Government Contracts from San Diego State. He is married to Cheryl Williams and has three children.
